AOA / GM Phase 4
Scholarships in Orthopaedic and Trauma Surgery

1 x $4000 scholarship (for placements outside of Australia) OR
2 x $2000 scholarships (for placements within Australia)

Criteria:

- Scholarships are to support students to undertake an elective or selective in Orthopaedic and Trauma Surgery

- The placement must be in an approved Orthopaedic Unit in Australia or overseas. i.e. The placement must be in Orthopaedics and Trauma surgery as opposed to a placement in a facility that will have “some” exposure to Orthopaedics and Trauma surgery. The hospital must have a designated unit, as such we expect that the placements would be in larger hospitals.

- Must be an Australian Citizen or Resident

- Your application for the scholarship must contain the details of the placement, including the location and preceptor

- The successful applicant(s) will not be eligible to apply for GM/UOW scholarship or grants (i.e. UOW/GM Short Term Study Grants, National Colombo Plan or Endeavour Scholarships, GM Phase 4 Rural Scholarship)

Payment will be made after census date of the session (Census date is usually August 31st)

Applications close 5pm on Monday 28th May 2018

Application:

EOI – in no more than 2 pages (total) please describe:

- your commitment to and interest in Orthopaedic and Trauma Surgery;

- how the placement relates to your personal learning objectives and the objectives of Phase 4, including why you have selected this particular location/hospital

AND

- what you believe you will get out of the placement.
