

Expression of Interest

Clinical Facilitator

The School of Nursing, University of Wollongong, is identified as a provider of high quality professional education and contributing to the generation and dissemination of knowledge within a research-intensive university. We enjoy a sound reputation both academically and clinically. The Bachelor of Nursing programme is delivered on six sites (Wollongong, Liverpool, Loftus, Shoalhaven, Batemans Bay, and Bega). In addition, we have an expansive post graduate portfolio and research agenda. It is the philosophy of the School of Nursing that everyone participates in quality assurance processes and academic governance. The core value of the school:

“Working with and for people”

Note: Please also attach a copy of your CV when emailing this form back to the School of Nursing.
